Goodwin & Associates Real Estate, LLC
is an AGENT of the SELLERS.

County:	Will
Township:	New Lenox
Gross Land Area:	151 Acres
Property Type:	Multi-Family residential development land
Possible Uses:	Agriculture Production and Future Development
Total Investment:	\$9,437,500.00
Unit Price:	\$62,500.00
Buildings:	Vacant house and barns
Utilities:	Sewer and water available from the village of New Lenox
Zoning:	Agriculture

151 Acres in New Lenox, one of the fastest growing Southwest suburbs of Chicago. Excellent New Lenox grade schools and Lincoln-way high school. Both considered some of the best in the state. Frontage on Laraway road, just west of Cedar. Zoned agriculture, but comprehensive plan calls for mixed use residential allowing for higher density. Two Metra stations, Laraway road station is just half a mile east. The main station is at Cedar and Rt. 30 in New Lenox, about 2.6 miles north. Easy access to I-80, I-55, I-355 and I-57. Excellent shopping district along Rt. 30.

BOOMBURBS TAPESTRY SEGMENTATION

LifeMode Group: Affluent Estates

Boomburbs

1C

Households: 2,004,400

Average Household Size: 3.25

Median Age: 34.0

Median Household Income: \$113,400

WHO ARE WE?

This is the new growth market, with a profile similar to the original: young professionals with families that have opted to trade up to the newest housing in the suburbs. The original *Boomburbs* neighborhoods began growing in the 1990s and continued through the peak of the housing boom. Most of those neighborhoods are fully developed now. This is an affluent market but with a higher proportion of mortgages. Rapid growth still distinguishes the *Boomburbs* neighborhoods, although the boom is more subdued now than it was 10 years ago. So is the housing market. Residents are well-educated professionals with a running start on prosperity.

OUR NEIGHBORHOOD

- Growth markets are in the suburban periphery of large metropolitan areas.
- Young families are married with children (Index 220); average household size is 3.25.
- Homeownership is 84% (Index 134), with the highest rate of mortgages, 71.5% (Index 173).
- Primarily single-family homes in new neighborhoods, 66% built since 2000 (Index 441).
- Median home value is \$350,000 (Index 169).
- Lower housing vacancy rate at 3.7%.
- The cost of affordable new housing comes at the expense of one of the longest commutes to work, over 30 minutes average, including a disproportionate number (33.6%) commuting across county lines (Index 141).

SOCIOECONOMIC TRAITS

- Well-educated young professionals, 55% are college graduates (Index 178).
- High labor force participation at 71.3% (Index 114); most households have more than two workers (Index 124).
- Longer commute times from the suburban growth corridors have created more home workers (Index 156).
- Well connected, own the latest devices and understand how to use them efficiently; biggest complaints—too many devices and too many intrusions on personal time.
- Financial planning is well under way for these professionals.

Note: The Index represents the ratio of the segment rate to the US rate multiplied by 100. Consumer preferences are estimated from data by MRI-Simmons.

BRIGHT YOUNG PROFESSIONALS TAPESTRY SEGMENTATION

LifeMode Group: Middle Ground

Bright Young Professionals

8C

Households: 2,750,200

Average Household Size: 2.41

Median Age: 33.0

Median Household Income: \$54,000

WHO ARE WE?

Bright Young Professionals is a large market, primarily located in urban outskirts of large metropolitan areas. These communities are home to young, educated, working professionals. More than one out of three householders are under the age of 35. Slightly more diverse couples dominate this market, with more renters than homeowners. More than two-fifths of the households live in single-family homes; over a third live in 5+ unit buildings. Labor force participation is high, generally white-collar work, with a mix of food service and part-time jobs (among the college students). Median household income, median home value, and average rent are close to the US values. Residents of this segment are physically active and up on the latest technology.

OUR NEIGHBORHOOD

- Approximately 57% of the households rent; 43% own their homes.
- Household type is primarily couples, married (or unmarried), with above-average concentrations of both single-parent (Index 125) and single-person (Index 115) households.
- Multiunit buildings or row housing make up 56% of the housing stock (row housing [Index 178], buildings with 5–19 units [Index 275]); 43% built 1980–99.
- Average rent mirrors the US (Index 100).
- Lower vacancy rate is at 8.2%.

SOCIOECONOMIC TRAITS

- Education completed: 35% with some college or an associate's degree, 33% with a bachelor's degree or higher.
- Labor force participation rate of 72% is higher than the US rate.
- These consumers are up on the latest technology.
- They get most of their information from the internet.
- Concern about the environment impacts their purchasing decisions.

Note: The Index represents the ratio of the segment rate to the US rate multiplied by 100. Consumer preferences are estimated from data by MRI-Simmons.

MARK GOODWIN PROFESSIONAL BIOGRAPHY

Goodwin & Associates Real Estate, LLC is an experienced Illinois land brokerage firm located in Shorewood, Illinois. We specialize in vacant land sales including farmland and commercial/residential development land. Managing Illinois Land Broker and owner, Mark Goodwin, has extensive background in both agriculture and Real Estate, which provides him the knowledge to effectively negotiate and close transactions.

Since 1996, Mark Goodwin has successfully provided brokerage services to landowners throughout the Midwest earning him the title of Accredited Land Consultant, (ALC) designated by the Realtors Land Institute. Throughout his life experiences Mark has acquired a unique background of understanding both the agricultural side of land sales as well as the development side and has made numerous valuable contacts with land owners, brokers and developers. Mark was awarded Illinois Land Broker of the Year in 2011 by the Illinois RLI Chapter.
